Important Reminders

- **Submit your final transcripts** if you are currently enrolled in either high school or college. Admission to the University is conditional on your satisfactory completion of courses. Our office may rescind admission on students whose academic performance declines. **It is your responsibility to ensure that your final high school or college transcript is submitted prior to enrollment. A registration hold will be placed on your record if the transcript is not submitted.** Evaluation of transfer credit cannot be completed until we receive your final, official college transcript(s). Transfer students must maintain an overall 2.0 grade point average to enroll in the University.
- **Second Degree Students:** Because you have earned a bachelor's degree from an accredited institution, you have satisfied the UNC Charlotte general education requirements. Therefore, the Admissions office does not prepare a course-by-course evaluation of your academic transcripts.
- **Report any changes to Undergraduate Admissions.** Change of major requests, change of address, change of current schedule, etc., **must** be requested or reported *in writing*. Criminal charges, any type of school disciplinary action, or any type of military discharge other than honorable that occurs after you submitted the application for admission must also be reported *in writing* to the Admissions office.
